HOUSEHOLD KITCHEN MACHINE

CREAT A BETTER LIFE FORE YOU

Shenzhen Vvakam Technology CO., Ltd

ABOUT VVAKAM

Shenzhen Vvakam Technology CO., Ltd, was founded in 2020. Office based in Shenzhen with a factory in Zhongshan City, Guangdong province. We specialize in small electrical appliances which aim to provide innovative and affordable products. Our products include mincers, ovens, juice grinders, blenders, hand mixers, and more.

Combining a dedicated team for research, development, manufacturing, and sales, our 100+ strong workforces ensure quality production. With certifications like GS, CE, CB, CCC, ETL, and ISO 9001:2015, we're expanding globally to regions like Europe, the Middle East, Africa, Russia, Southeast Asia, and etc.

Committed to credibility, innovation, and customer satisfaction, Vvakam aspire to be a premier household appliances enterprise known for industry innovation and social responsibility.

Electrical Oven

01A Series-New

BASIC FEATURES:

- 21/23/30/35/45/55/60/80/100 literes capacity
- 110-240V~50/60Hz
- SS heating elements
- 60-120 min timer with bell ring
- 70-230°C adjustable temperature
- plastic door frame with double glass
- Can be with 6-20 slices of bread/10-16 inch pizza

OPTION:

- Rotisserie function
- Convection function
- Inner oven lamp
- Stainless steel housing or other paintings
- Mirro glass door
- Non-stick coating cavity or self-cleaning coating cavity
- Crumb tray

20GP	40FT	40HQ
1812	3640	4216

BASIC FEATURES:

- Even: coffee powder it grinds, coffee particle size<0.425mm over 95%;
- Convenient: with 51mm/58mm portal filter holder, save time to prepare one shot coffee;
- Quiet: working noise <72DB
- Stable: belt driven system offers stable power to grind every bean in finest;
- 500rpm low grinding speed, reduces both static and heat build-up;
- Stainless steel housing;
- 40mm Stainless steel conical burr;
- 180W powerful DC motor;
- 52 grind settings provides levels from highly coarse to espresso to Turkish fine;
- 320g coffee bean holder capacity;
- 130g ground coffee jug capacity;
- Anti Static technology
- Digital touch control
